

Sodi designs karts for the most demanding professional drivers and amateurs, as well as recreational drivers seeking a high performance, reliable racing kart which benefits from the expertise of a world leader.

Sodi karts are present in the most important competitions with its Official Team (Sodi Racing Team); they also achieve remarkable performances on race tracks all over the world. Sodi karts have won the title of World Champion, European Champion, winner of the World Cup and many titles in national championships on all continents. Racer's Edge is proud to be the only Sodi Electric Karting facility in the United States.
